THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

MONDAY, NOVEMBER 22. 1869.

THE GOVERNORS MESSAGE—AGAIN.

We resume, this morning, our remarks on the Governor's message. We left His Excellency in the midst of his financial difficulties. So perplexing do these appear to have been that he forgot, as we remarked before, to make any allusion to the Penitentiary bonds, or the bogus Chatham Railroad bonds, either in the way of advice, suggestion or remonstrance. Indeed, his Excellency seems so exercised on the subject of repudiation—so thoroughly imbued with the idea that "the debt was honestly contracted" that he is willing, one is almost ready to conclude, to pay the Penitentiary bonds, Chatham bonds, or any other bonds that have his and the Treasurer's sign manuals attached, no matter under what circumstances they were issued. At least the Governor gives no intimation to the contrary, in anything contained in the message. But we pass on from the finance feature of the message, by simply remarking that the suggestion in regard to "rigid economy" on the part of the Legislature, in the expenditure of the people's money, does not seem to be understood by that body as applicable to themselves in the matter of *per diem*; as, up to this time, they approach the subject of reduction with a good deal of cautious shyness. We think they intend to reduce the pay of members, but it will probably not be done until near the close of the session, and then with only a prospective and not a retrospective application.

On the subject of Public Instruction the Governor talks cheerfully and hopefully. He seems to rely as firmly for a grand success in this behalf, on Mr. Ashley, Superintendent in this Department, and his Assistant, Rev. J. W. Hood, as he used to do, "upon God and Jeff Davis" for the success of the Confederacy. He informs us that the system of Common Schools is about to go into operation. We have tried to find out from the message, what means are relied on for carrying on these schools when started, and can find only $165,290 50; this will give $1,856 to each county in the State. Supposing the average number of schools to the county to be twenty-five, which there must be if there are separate schools for white and colored, and we find the amount to each school will be not quite $75—about sufficient to keep the schools running not exceeding two months of the year, if the teachers employed are worth their salt; *provided*, none of this fund is used for building or renting school houses, and the bill now before the Legislature to pay county school officers a salary, does not pass, and provided, also, that no part of this fund is diverted to the support of the University.

His Excellency gives no information concerning the appointment of an Assistant Superintendent of Public Instruction—who appointed him—under what law he was appointed—how much salary he is to receive, —where it is to come from, or any thing about it. This is one of the strange omissions of the message that the people will, no doubt, like to hear something about. We cannot but admire the easy coolness with which His Excellency alludes to this new officer, as if it were a matter of course, and that every body knew all about him and his appointment before hand.

The Governor recommends the sale of the Swamp Lands, in parcels or in a body, but we do hope that more caution and prudence will be exercised in carrying out this suggestion, if it be done, than were exercised when the Bibles swindle was on the tapis. In regard to the recommendations and suggestions concerning the University, they are all very well, and might be made to assume shape, if the right sort of men were placed in the different Chairs, but, we opine, the effort to give dignity and prestige to that institution will be found similar to the labors of Sisyphus, simply rolling the stone up the hill to have it tumble down to the foot again. *Apropos* to this subject, we notice in the *Standard* that the Trustees of the University held a meeting on the 17th inst., for the purpose of organizing the various Colleges of the University, the most noticeable feature of their published plan being the placing of the "Model Farm" and "Workshops" in the "colored department." Why this was done we cannot say; the message furnishing no clue to the reason for the distinction.

DETERMINED ON.

The opinion prevails at this present writing that the Legislature, in a secret League meeting, held at night, have determined to hold over for four years.

John Pool, the Jeff Davis elector, is said to have addressed the League, advising them to hold over and to refer the matter to the Supreme Court, and he assured the League, in secret, that the Court would give them an opinion notwithstanding they refused to do so last session, in the matter of the stay law.

Judge Settle is said to be for referring the question to the Court, and he is said to be a candidate for the United States Senate. We think the Judge had better go and finish his bridge and look for his lost "churn." Little John, surnamed Pool, is said to be for Judge Settle for Senator. If John is not committed to Gov. Holden and Senator Abbott also, it is because he has quit his old tactics and tricks. It is also reported that the Governor has been all the time for holding over, though he forgot to mention it in his message.

Judge Settle is taking leg hold. He is a candidate for a place and called upon to decide whether the place shall be created or not, this is rather too strong a temptation for a weak minded Judge; besides, after the hearing and rehearing of the University Railroad case, some might doubt the propriety of submitting the question to the Supreme Court, although Chief Justice Pearson has been heard, often, to declare that it was "preposterous for the Legislature to talk about holding over."

Pool and Settle, we should say, had talked the matter over several times, Judge Reade, if he has not, can be induced to talk it over, but not with Sam Barnett of the House, who, disclosed the fact that he, the Judge, wrote that infamous legislative address. We did not hear the conversation, but we feel as sure of it as if we had heard it, that Reade agreed with the President of the League, and Todd R. Caldwell, and others, how he would act, and decline to swear in certain members of the Legislature, who should offer their certificates of election. A Judge who can write the Legislative address, speak as he did on the 4th of July last to 8,000 negroes, can't set himself up as the Judge of the election and qualification of members of the General Assembly, could easily decide a question of this kind.

As to Judge Rodman, he was approached and talked to about the University Railroad case when it was before the Court, and after deciding it, he went for a re hearing; after the decision, he had State Bonds in New York, but we have before said there is nothing in the New Constitution against a Judge having State bonds in New York.

Judge Dick can't be trusted on this question, for he signed the ordinance of secession and is now trying to make treason "odious." He swore to the government of the United States, and then swore to the government of the Confederate States, and was a candidate for its Congress. Let the hands hold over; the people, it may be, wanted just such an act to wake them up to a proper sense of the degradation and danger to which Holden, Littlefield and the Ring dare reduce them.

TOO RASH.

Our correspondent "Clio," has forgotten that "a soft answer turneth away wrath and grievous words stir up anger." He denounces the Governor and the hands for holding over, in terms so strong that we are afraid to publish his communication.—"Clio" does not discriminate in his condemnation; he denounces all the hands as "rogues" and uses other strong phrases with "cuss" words in them. "Clio" should not swear, but leave that luxury for the Governor and the vulgar to indulge in.

We admit what "Clio" says about the ticket elected with the Governor, in the late election adopting the Constitution.—We admit there were four signers of the ordinance of Secession on that ticket, for we know them, to wit: Governor Holden, Judge Dick, Judge Thomas, and Judge Starbuck, who declined to resign as District attorney of the United States to take a Judgeship. We admit there were three known murderers on the ticket, one of them a convicted felon; but why curse us as it? We admit there are convicted and unconvicted rogues in the Legislature, but why swear and denounce all on that account?

We admit that Starbuck, the Judge elect, was, when elected, presented by the Grand Jury of the Federal Court for perjury. We admit that Littlefield, Iaffin, French, Tourgee, and all the carpet baggers, may be for holding over; but we can't admit that Littlefield could buy up a majority of the Legislature to hold for four years, when they were elected for two only. Friend "Clio," modify your language; leave out your swearing and we will print what you write.

A STATE OF DISSOLUTION.—A few days ago, the Hon. John Wentworth, of Chicago, so well known as a Republican leader, made a speech in his own city against the corruptions into which he alleged it to have sunk under a long and unbridled Radical rule. In the course of his remarks, as reported by the Chicago Post, a Republican organ, he said:

Now that that organization (the Republican) has accomplished all that it started out for, who blames them, who judges by human nature and all its frailties, for wishing to keep up an organization upon which they have grown fat and thrifty? * * * They say, "What effect will it have upon some past organization? We have labored years to build up a great party, and now it is proposed to break it down." My dear man let me tell you that it will rot down if we do not break it down first.

Gen. Don Piatt, commenting upon the very recent Radical success in Ohio, writes to the Cincinnati Commercial that never before was a fight in Ohio so fiercely fought by the Republicans as the last:

The land rung with speakers and was flooded with documents. The Republican losses indicate coming defeat, unless we take a new departure. As the fifteenth amendment takes the negro out of politics, the future issues will be of a financial sort, and then where are we? "Put your house in order my Republican friend, for to-morrow you die."

A TRIBUTE TO GENERAL LEE.—The celebrated English scholar, George Long, has recently published a new and revised edition of his translation of the "Thoughts of the Emperor M. Aurelius Antonius." In his preface he complains that the American reprint of his book has been dedicated by the publishers without consulting him, and then adds the following eloquent tribute to General Lee:

I have never dedicated a book to any man, and if I dedicated this, I should choose the man whose name seemed to me most worthy to be joined to that of the Roman soldier and philosopher, I might dedicate the book to the successful General who is now the President of the United States, with the hope that his integrity and justice will restore peace and happiness, so far as he can, to those unhappy States which have suffered so much from war and the unrelenting hostility of wicked men.

But, as the Roman poet said,

Victrix causa Diis placuit sed victa Catoni,

and if I dedicated this little book to any man, I would dedicate it to him who led the Confederate armies against the powerful invader, and retired from an unequal contest defeated, but not dishonored; to the noble Virginian soldier, whose talents and virtues place him by the side of the best and wisest man who sat on the throne of the Imperial Cæsars.

The Legislature of North Carolina.

SENATE.

SATURDAY, Nov. 20, 1869.

The Senate was called to order at 10 o'clock.

Notice of the introduction of numerous bills was given.

INTRODUCTION OF BILLS, &C.

By Mr. Welker: A bill to amend the charter of the several Railroad Companies in the State so as to remove all restrictions in reference to the gauge of track, &c. Referred to the Committee on Internal Improvements.

By Mr. Burns: A bill reqiding the Judges of the Superior Court to open their Courts on Monday of each term, unless prevented by sickness, and in case of failure the salary of said Judge shall be deducted for that time. Referred to the Committee on the Judiciary.

By Mr. Blythe: A bill to amend an act to incorporate the Greenville and French Broad Railroad. Referred to the Committee on Internal Improvements.

By Mr. Robbins: A bill relating to the payment of officers' fees. Referred to the Committee on the Judiciary.

By Mr. Jones of Wake: A bill to incorporate a Bank in the City of Raleigh. Referred to the Committee on Corporations.

By Mr. Welker: A resolution appointing a Committee of three Senators for each Railroad in the State, to examine into their affairs and make a full report, the Committee is empowered to send for persons and papers and to swear witnesses. Ordered to be printed, and made the special order for Tuesday next.

By Mr. Murphy: A resolution instructing the Committee on the Insane Asylum, to make suitable accomodations for additional patients that are insane, there being no room in the Institution for them. Adopted.

Mr. Robbins introduced the following bill, to wit:

Whereas, the existing system of State and county government in North Carolina was framed and adopted at a time of profound political and social agitation, when the minds of our people were deeply excited by the difficult and distressing situation in which they found themselves placed, and they were therefore unprepared to shape all the provisions of their constitution with that calmness and forecast which was desirable, in view of the magnitude and importance of such a task;

Whereas, experience has shown this system to be, in many of its features, unnecessarily cumbersome and expensive, uncongenial with the tastes and usages of our people, and not well suited to their condition and circumstances, and the people desire that extensive changes and amendments be made therein, particularly in relation to the Departments of Finance and of the Judiciary, the plan of county government and the multiplicity of officers;

Whereas, the question of equal and impartial suffrage for citizens of all races has been removed beyond the control of the people of this State by the progress of events, and by the action of the Federal Government, and is no longer a living issue in our State politics, so that we may proceed unencumbered by this question, to make such reforms in other respects as are needed in our system of government, in which reforms all classes and both races of our citizens are alike interested, in order that we may secure a simpler and more economical method of internal administration, and

Whereas, The needed alterations and reforms can only be accomplished and perfected by the people themselves in Convention assembled; Therefore,

The General Assembly of North Carolina do enact, (two thirds of all the members of each House concurring,)

1. That on the first Thursday in August, 1870, an election shall be held in each and every county, for delegates to a Convention of the people of this State.

2. That said election shall be held at the same polling places and in the same manner as elections are held for members of the General Assembly, and the ballots shall be counted, the returns thereof made, and certificates issued to delegates elect, in like manner and by the same officers as in elections for members of the House of Representatives of North Carolina.

3. That said Convention shall consist of one hundred and twenty delegates, and each county shall be entitled to the same number of delegates as it is now entitled to members in the House of Representatives, and in case of a vacancy occurring in said Convention, by the removal from the State, the declination, resignation or death of any delegate, such vacancy shall be filled by special election, to be ordered and held in the same manner as special elections to fill vacancies in the House of Representatives.

4. That the delegates hereby directed to be chosen shall assemble in Convention at the capitol in Raleigh, on the second Monday of September 1870; and their mileage and *per diem*, the compensation of officers, and the other expenses of said Convention shall be paid as it may provide, out of any moneys in the Treasury not otherwise appropriated.

5. That the Constitution, or constitutional amendments adopted by said Convention shall not take effect until ratified by a majority of all the male citizens of North Carolina, twenty one years of age voting upon the question of ratification or rejection, at an election to be held for that purpose at such time as may be fixed by said Convention, which time shall be not less than four months after said Convention shall have adjourned *sine die*; and said Convention shall take measures for a general publication of the proposed Constitution, or constitutional amendments, at least three months prior to the day of such election.

6. That the great majority of our people having for many years past favored the policy of exempting a homestead in lands and a liberal amount of personal property, from execution for debt, the Convention herein provided for shall have no power to repeal or in any manner to restrict or curtail existing laws and constitutional provisions securing such exemption.

7. That this act shall take effect from the date of its ratification.

Mr. Etheridge moved to lay it under the table. The President ruled the motion out of order.

A. H. Galloway (col) moved its reference to the Reconstruction Committee.

Mr. Boman said *if it be in order*, he would move its reference to the Committee on the Penitentiary.

Mr. White, moved its indefinite postponement.

Mr. Welker, said he hoped the bill would be allowed to take its regular course. He understood its object, and presumed the Senate did, when it comes up in its proper place he thought it could be disposed of quietly, and in a proper manner.

Mr. Robbins urged the necessity of the object contemplated in the bill in a speech of some length, replete with arguments and certainly reflecting the views of a large majority of the thinking people of the State. We may give the speech in full hereafter.

Mr. Lindsay, said the Constitution was formed under peculiar circumstances, in a time of excitement, at a time when the paramount object was to restore the State to the Union, it was formed under restrictions.

Mr. Welker desired to know what restrictions rested upon the Convention.

Mr. Lindsay said the reconstruction acts imposed by Congress contained restrictions. He voted for the Constitution but told his people that in some respects it was imperfect, but advised them to take it as the best they could get, to get out of the clutches of the military power, then it could be amended to suit their views. Though he thought it rather premature to agitate that question yet. He was for giving the present Constitution a fair trial, and thought he liked it better now than he did at first, but for the circumstances under which we were placed at the time of its adoption, this Constitution would never have received his vote or his support.

The motion to indefinitely postpone the bill was lost.

YEAS.—Messrs. Beeman, Burns, Blythe, Davis, Etheridge, Hyman, colored, Jones, of Wake, Lassiter, Martindale, Moore, of Yancey, Smith, Stephens, Welker and White—14.

NAYS.—Messrs. Barnes, Beall, Bellamy, Brogden, Cook, Eppes, colored, Forkner, Galloway, colored, Graham, Hayes, Harrington, Jones, of Columbus, Jones, of Mecklenburg, Lindsay, Long, Love, Mason, Melchor, Murphy, Richardson, Robbins, Shoffner, Winstead and Wilson—24.

Mr. Welker said it was his intention before Mr. Robbins made his speech and alluded to carpet baggers in such a severe manner, to vote against postponement, but as he was a carpet bagger he had changed his mind in consequence of the strong terms used.

Mr R disclaimed any intention of putting him, Mr. Welker, among that class, as he had lived in the State long enough to become identified with her interest.

On motion of Mr. Robbins the bill was referred to a special committee of five, the President designated Messrs. Robbins, Welker, Murphy, Jones of Wake, and Lassiter as the Committee.

A message was received from the House transmitting a communication from the Auditor relating to his power to audit the claims of members for *per diem and mileage*, and a communication from the Governor submitting a plan for a University from the Board of trustees of the University.

Leave of absence was granted Mess. T. R. Caldwell, and Moore of Carteret.

On motion the Senate adjourned.

CORRECTION.—In yesterday's report, Mr. Jones of Mecklenburg, was reported as voting in favor of referring the question of term of the Legislature to the Supreme Court, whereas he voted against the reference. It was an error of the compositor.

HOUSE OF REPRESENTATIVES.

SATURDAY, Nov. 20. 1869.

The House met pursuant to adjournment. Mr. Welch, who was necessarily absent at the time the vote was taken yesterday, was, on motion allowed to record his vote in the negative on indefinitely postponing the resolution reducing *per diem* and mileage.

A message from the Governor transmitting a plan of the University, adopted by the Trustees was received, read and referred to the Committee on Education.

PETITIONS.

Mr. Smith of Alleghany, petition from citizens of Surry and Alleghany, referred to Committee on propositions and grievances.

REPORTS OF COMMITTEES.

Mr. Hodgin, for Finance Committee, a substitute for bill allowing Sheriffs further time to settle with Treasurer for taxes.

By the same, bill for relief of the Sheriff at Chatham, unfavorable.

Mr. Seymour from Judiciary Committee, favorably on bill to amend, sec. 485, chap. 12, title 19, C. C. P. Placed on calender.

Message from Senate transmitting Resolution referring the question of the tenure of the present General Assembly to the Supreme Court; placed on Calender.

On motion of J. Leary (col) the rules were suspended and the bill to amend sec. 485, chap. 12, title 19, C. C. P., was taken up and passed its several readings, with slight verbal amendments.

On motion of Reynolds (col) the bill to pay school Committees was taken up, discussed at some length and then referred to the Committee on salaries and fees.

By Mr. Ashworth: A bill to incorporate the Randolph Manufactoring Company Referred.

RESOLUTIONS.

Mr. Sinclair introduced the following resolutions:

Resolved, By the General Assembly of the State of North Carolina that in the life of Jonathan Worth, we recognize a long, pure and distinguished public career; in his death we mourn the loss of a faithful public servant, and an honest man.

Resolved, That in commemoration of our esteem for the character of the distinguished dead, the members of the General Assembly, wear the customary badge of mourning for 30 days.

Resolved, That in further token of respect to the memory of the deceased, this General Assembly do adjourn to 11 o'clock A. M 22 Nov. 1869.

The rules being suspended the resolutions were adopted after being so amended as to make the hour of adjournment 1 o'clock instead of immediately.

By Mr. Malone: A resolution requiring the Secretary of State to report the amount paid, and now due for stationery since the adoption of the new Constitution for different purposes.

On motion of Mr. Malone, the rules were suspended.

Mr. Steveas moved to strike out the words "if any."

The yeas and nays being called resulted in a voted yeas 14, nays 52.

The resolution was then adopted.

Mr. Vestal moved to go into the election of a Prompter Doorkeeper.

Mr. French called the yeas and nays upon the motion. The call being sustained resulted in a voted yeas 55, nays 37.

Harris, of Wake, (col) moved that the House do now adjourn, and upon that called for the yeas and nays.

The call was sustained and resulted yeas 39, nays 59.

Mr. Vestal said that this filibustering was a most useless consumption of time.—They had to elect a Doorkeeper and why not do it now. He put the name of James Page, of Randolph, in nomination.

J. S. Leary, (col) moved to reconsider the vote whereby the House refused to adjourn.

Mr. Ellis moved to lay that motion on the table.

On motion of Mr. Proctor, the yeas and nays were called and resulted yeas 48, nays 38.

Mr. Foster moved to adjourn and upon his motion called for the yeas and nays.

The call being sustained resulted yeas 47, nays 44.

G. W. Price, (col.) moved to reconsider the vote by which the resolutions in reference to Gov. Worth were adopted.

Mr. Welch contended that at this stage of the proceedings the motion was out of order.

The Speaker sustained the point.

Mr. Seymour appealed from the decision and called for the yeas and nays. The vote being taken resulted yeas 91 nays 0.

J. H. Harris of Wake (col.) moved to take a recess of four minutes and called for the yeas and nays.

Mr. Forbes gave notice that he would enter his protest against these ridiculous proceedings and this useless waste of time he wished the people to know who it was that were wasting their money.

The yeas and nays were called and the vote stood yeas 13 nays 67.

House then adjourned in accordance with resolution passed, until Monday Morning 11 o'clock.

THE RED MARK.—We mentioned some days ago, that the sign of the red cross would be placed on the papers of such of our subscribers as are in arrears. We shall take it for granted that those who do not let us hear from them when they see this sign, desire to have their papers discontinued, and in justice to ourself, this will be the only course left us. If any subscriber, however, who gets the mark, is only awaiting an opportunity to forward the amount due, he can drop us a line to that effect, and all will be right; but the better course will be to enclose us the money in a registered letter, which may be done at our risk.

We call special attention to the large sale of fine horses, carriages, harness, &c., at the Court House to day at noon. Now is the time and this a fine opportunity to purchase fine and blooded stock and vehicles. Sale positive and without reserve.

SUPERIOR LIQUORS.—We had a call, on Saturday, from Mr. Bartholow, of the firm of Geo. P. Thomas & Co., Baltimore, Liquor dealers. This House is well known to the merchants of our city, and has a reputation for keeping liquors of a superior quality.—They make pure rye whiskey a specialty, and their "Orient" and "Monticello" brands are known throughout the country, and are extensively used for medicinal purposes by physicians. See card in another column.

LECTURE AT TUCKER HALL.—Prof. Lee, nephew of Gen. Robert E. Lee, will deliver a Lecture at Tucker Hall, in behalf, and for the benefit of the Ladies' Memorial Association, on Friday evening, 26th inst., subject "The Ocean." Prof. Lee's reputation as a Lecturer, the object for which the Lecture is given, and the sublimity of the subject, all justify the expectation of the Ladies at whose solicitation the Lecture is given, that the Hall will be crowded on the occasion. It would argue want of taste in any one to be absent for any other cause than sickness or pressing business engagements.

Full particulars will be given in a day or two.

Brown's Bronchial Troches, when allowed to dissolve in the mouth, have a *direct* influence to the affected parts; the soothing effect to the mucous lining of the windpipe allays Pulmonary irritation and gives relief in Coughs, Colds and the various Throat Affections to which public speakers and singers are liable.

COTTON TRAVELING THE WRONG WAY.—Last week six bales of cotton were shipped from New York to Raleigh. The reason of this was, that the same cotton had first gone from Raleigh to New York. It had been purchased by some of our merchants, one half from a planter of Wake and five from planters in Johnston. When it arrived in New York it was found to have been water packed, that is, made as wet inside as water could well make it—so wet that by the time it got back to Raleigh, it was in a rotten, worthless condition. We understand the names of the persons from whom the cotton was originally purchased are known to the buyers, and they have been notified of the facts. It will depend upon the nature of the explanation they may be able to give of the affair, and the reparation they may make, whether their names are given to the public. We think it a very ugly affair, and one calculated to do more mischief to the trade of the city than any amount of good likely to accrue to those who have practiced the shameful trick.

Let it be remembered that it is impossible to elude detection for such practices, for the marks put on the cotton by the merchants engaged in the trade, and the corresponding entries in their sales-books, together with the names of the persons from whom the cotton is purchased, will always lead to the detection of such frauds.

REFUSAL TO ADMIT THE GOVERNOR TO THE FAIR GROUNDS.—As this affair has been the subject of remark to some extent in private circles, we give the following statement of facts, in regard to the matter, in justice to the gentleman, Mr. E. E. Harris, who was keeping the gate at the time.

The Governor, with three other gentlemen, approached the gate in a carriage, and was about to drive in, when Mr. Harris asked for their tickets. Gov. Holden remarked that he had twenty dollars in the concern, and would pay no more.

Mr. Harris replied that he had positive orders from Capt. Lee to pass no one without a ticket; whereupon one of the gentlemen handed Mr. Harris a bill, and he stepped to the ticket office, purchased tickets for all and returned with the tickets and change to the carriage. When he offered the gentleman the tickets and the change, he was told they had concluded not to go in, the Governor declaring they would not pay to enter. Mr. Harris returned the tickets to the office, got back the money and handed it to the gentlemen to whom it belonged, and the Governor and his party left.

Friday morning Mr. Harris received a note stating that his services were no longer desired as gate keeper.

We are not disposed to make any comments further than to say, that it sometimes becomes necessary to sacrifice small animals to appease the rage of the lion.

MAGISTERIAL MOBS IN MILTON.—We learn from the *Chronicle* that a colored lady of Milton recently had a hog clandestinely killed, and took out a warrant against Jas. Washington, a white neighbor, for killing it, because the dead hog was found near his fence. The case was tried before "Judge" Charles Walker, a colored J. P., assisted by Justice Jones, who rendered judgment against Washington for $8 and cost, or go to jail on failing to pay. He failed to pay, and was put in jail accordingly, where he stayed about an hour, when his friends bailed or paid him out.

Washington then brought suit against the Magistrates, Walker and Jones for false imprisonment, it being alleged that they had sent him to jail on a conviction unsustained by a shadow of proof. They were arrested by the Sheriff and required to give bail in the sum of $3,000 each, to answer the charge at next term of the Superior Court for the county. While the Sheriff was taking a lunch, Walker sealed a fifteen foot fence and cleared himself for the Virginia line, which he succeeded in gaining; Jones then compromised with Washington by paying him $500 and agreeing to resign an office which had brought him into such a scrape. Subsequently, it was agreed to remit the latter part of the terms of the comp., and Jones will continue to dispense justice to the Miltonians, "a wiser and a better man."

The Shivering Season

It is impossible to suppose that any human being can consider an attack of Fever and Ague a light visitation. And yet thousands act as if such a calamity was of no consequence; while thousands who are actually suffering from the distressing complaint neglect to adopt the certain means of cure. It ought to be known in every locality subject to this scourge, or which is infested with remittent fever, or any other epidemic produced by malaria, that HOSTETTER'S STOMACH BITTERS taken in advance or at the commencement of the unhealthy season, will fortify the system against the atmospheric poison which generates these distempers. This admirable invigorant—harmless, agreeable, and possessing rarer medicinal virtues than any other tonic at present known, will break up the paroxysms of intermittent or remittent fever in from forty-eight hours to ten days. Such is the universal testimony from districts where periodical fevers have been combatted with this powerful vegetable Cholagogue. In a thievish neighborhood wise men bar their doors and windows, yet strange to say if the same neighborhood happens to be pervaded by zymal poison they seldom take the trouble to put their bodies in a state of defence against the subtle enemy. Shivering victims endeavoring in vain to warm your blue hands over the fire or consuming with the fever that follows the chill, remember that HOSTETTER'S BITTERS is an *absolute, speedy and infallible specific* for your distressing malady.

Married,

In Chatham county at the residence of the bride's father on the 9th day of Nov. 1869, by the Rev R. R. Prather, Mr. THOMAS E. FARRER, of San Francisco, California to Miss CATTIE F., youngest daughter of W. O. Harris Esq.

DIED.

On the evening of the 17th inst., at the residence of her son Mr. R. L. Patterson, in Salem N. C., Mrs. P. CAROLINE PATTERSON, wife of Gen. Sam'l F. Patterson, of Caldwell county.

Mrs. P. was in her 64th year; had lived a life of great usefulness, was much beloved, and the news of her death will carry sorrow to many hearts.

As wife, mother, and friend, she fully and beautifully illustrated the proverbs:

"The heart of her husband doth safely trust in her
She will do him good, and not evil, all the days of her life.
She stretcheth out her hand to the poor, yea she reacheth forth her hands to the needy.
Strength and honor are her clothing; and she shall rejoice in time to come.
She openeth her mouth with wisdom, and in her tongue is the law of kindness.
She looketh well to the ways of her household, and eateth not the bread of idleness.
Her children arise up and call her blessed; her husband also, and he praiseth her."

No eulogy that we could write, would do justice to her memory. Therefore we will "let her own works praise her."

From Rev. C. H. WILEN formerly State Supt. of Education.

BRISTOL, TENN., Oct. 14, 1869.

I had seen by the papers what had been done by the Board of Education in North Carolina and was glad. I had simple reasons for my former recommendations in the use of the books in our schools.

These Books are Used by the Best Schools in the State.

Late Testimonials in Brief.

It affords me great pleasure to bestow on them my heartiest commendations. They are vastly superior to any other books of the kind I have yet seen.—W. R. WILLIAMSON, Prin Chas. and Math. School, Elizabeth City, Oct 25, 18-9.

Send me ten Davies' Intellectual Arithmetics for introduction. They are superior to any I have seen.—W. F. McGEE, Mount Olive Oct 20, 1869.

I intend using the same books in my school as those used in the Common Schools. * * I am already using Monteith's Geographies.—JOHN D. JOHNSON, Yadkinville, Sept. 25, 1869.

I am and have ever been an earnest advocate of uniformity in school books. The Board recommendations—Arithmetics and Geographies—are the best that could have been made.—H. E. SMITH Lincolnton, Sept. 28th, 1869.

Because these books are adopted by the State Board, as well as for the merits of the books themselves, we wish to introduce them, and use them exclusively in our school.—Rev. S. C. ALEXANDER, Charlotte, Oct. 11, 1869.

Steele's "Nat. Philosophy" received. Am satisfied with its superiority to the other in many respects. As a class is waiting substitute in my order Steele's Philosophy for first introduction.—G. W. JEWETT, Wilmington, Oct. 13, 1869.

Davies' Mathematics was adopted by me in 1855, and up to this time I have examined no work superior to them. I have examined McNally's Geography and Peck's Ganot's Natural Philosophy. I consider them most excellent works and shall put them into my boys' hands at the earliest period.—J. E. DUDGEN, Prin. Male Academy Warrenton.

It is my purpose to introduce Monteith's (No 1 into my school. I give the preference for the information which it gives on the subject of Physical Geography. The maps and questions in both works (Monteith and McNally) seem to me to be admirable.—Rev. ALEXANDER GRIMM D.D., Rector of St. Mary's, Raleigh.

The system of Geography—Monteith and McNally—I am well pleased with.—Rev. WM. S. LACY, Raleigh.

Davies' Arithmetics, Monteith's Geographies and the National Readers are too well known to require a word from me. Monteith and Davies are the best that I am acquainted with.—Prof. FRANK VAUGHAN Elizabeth City, Oct. 11, 1869.

I have waited patiently for the adoption by the Board of Education of this state of the books to be used in the public schools, and am much pleased to find that so many have been selected from the National Series.—Rev. W. L. MILLER, Charlotte, Oct. 1, 1869.

Am much pleased with both the Spellers and all the readers; and as to the Series of Geographies, I have long used no others when these could be obtained Dr. WM. B. HARREL, Prin. High School, Snow Hill.

The introduction of so much valuable matter on the subjects of Physical Geography and Geology, and in a form so simple and intelligible as it, (Monteith's Intermediate Geography) is my judgment, a charming school book.—Col. WM BINGHAM, Prin. Bingham School.

I design introducing McNally's Geography and Davies' University Arithmetic.—Dr. CLOSE, Prin. Durham Academy.

Will introduce the University Arithmetic next term An admirable work.—M. D. LITTLE, Prin. Pleasant Hill Seminary, Newton.

Monteith's Geographies are excellent works, and I shall introduce them into my school.—EDWARD IVEY, Prin. Auburn Academy.

The superior and durable style of binding of your works is a very great recommendation—one with which I have long been favorably impressed.—Prof. WM. A. GRAHAM, late Hillsboro' Military Academy.

I have introduced your National Series of Readers. We find them to be excellent, just suited to our purpose. With Davies' Mathematical Series we have been long familiar, and can find no good reason for changing them. In the Primary Department we have Monteith's Geographies.—Rev. G. D. BRANSOM, Prin. Female Seminary, Mount Pleasant.

The National Series of Readers and Spellers are the best with which I am acquainted. I shall henceforth use no others in my school I use Davies. I consider his works incomparably superior in many respects Monteith's Series afford a gradual but thorough and systematic progression.—Prof. JOS R. FOY, President Stanton's burg Scientific High School.

I regard Monteith's Physical and Intermediate Geography as one of the best books of its kind It has several points of superiority over most primary Geographies; Geography is here treated from the only true and rational standpoint, viz: of Geology and Physical Geography.—Prof W. C. KERR, State Geologist of North Carolina.

Mr. Taylor Johnson Olive's Chapel, has introduced the National Readers, Monteith's Geographies, Davies Arithmetics, Clark's Grammars, etc.; Mr. John Franks, Grove P O. has introduced the National Series throughout; Mr. W A. Branch, New Hill P. O., uses the National Series throughout; Mr Adolphus Rogers, Green Level P. O., uses the National Reader, Geography, Monteith's Geographies, and Young's Grammar; Mrs. Emma Baughan, Cary P. O., uses the National Series; Mr. R. C. Oliver, New Hill P. O., introduced Monteith's Geographies. There are now at least 250 pupils in Wake and Chatham counties who are only using the National series of books, within my knowledge.—Prof. W. H. MEBANE, Chatham county, Sept. 15, 1869.

"I am glad to learn that some of your books are to be introduced into our State Schools."—Prof. J. M. M CALDWELL, Greensboro' High School, Oct. 23, 1869

Distinguished Editors and Critics Praise Them.

The Series must prove acceptable. The simplicity of language is beautifully exhibited.—Fayetteville Presbyterian.

The firm will allow no competition in the price of books published by them which are among the best in the state.—Statesville American, 1869.

Have a reputation for merit unsurpassed.—Statesville American, 1869.

Peculiarly adapted to supply the wants we have long felt.—Greensboro' Patriot.

Have acknowledged superiority by the most competent judges.—Western Sentinel.

Dutton is excellent in the first degree.—Washington Argus.

Are excelled by none of the many used, and they are superior to most of them.—Newberry Journal of Commerce.

When we examine the bright pages of the National series, and think how we groped along the dry and uninteresting "task" of our boyhood, we are constrained to be envious of the happy pupils of the present.—Wilmington Post.

The National Series has attained probably a higher reputation than any other complete series of School Books now in existence.—Wilmington Herald.

THE UTLEY COTTON PRESS.

A NEW combination of power, whereby all friction is overcome. The simplicity, economy and durability of this PRESS astonishes all who see it, and the more so that a power so simple should so long have been unappropriated. With this Press, two men can do all the packing or pressing of a 500 pound bale inside of eight minutes: and it can be readily taken down and transported, as it is simple and light. We can supply these Presses cheaper than any yet offered to the Planter. Will send circulars to any desiring, and we would advise all persons wanting presses to withhold buying until they examine this.

THE PRESSES are now being manufactured at the SASH AND BLIND FACTORY OF THOS H. BRIGGS. All are assured that as between this and any other there is no argument as to its merits over all others. With the irons, any ordinary workmen can put them up. The patentee is here for a few days, and will take pleasure in explaining its merits. Address T. H. BRIGGS sept 30-tf Raleigh.

And $5,000 ready to pay a loss of No. 34,161, so soon as the party authorized to receive the money appears.

The Company has been well tested throughout the State, as to its promptness in paying her losses, reliability, &c.

DIVIDENDS PAID AT THE END OF THE FIRST YEAR, AND ANNUALLY THEREAFTER.

Its ratio of expense to income is extremely low. This may be seen by reference to the Official Reports for 1868. For example:

EXPENSE ON THE $100 RECEIVED.

KNICKERBOCKER,	$16,34
EQUITABLE,	17,44
NORTH AMERICA,	21,16
BROOKLYN,	21,09
UNIVERSAL,	27,34
JOHN HANCOCK,	18,37
THE NATIONAL,	68,49
THE ÆTNA,	13,41

It has an IMPORTANT NEW FEATURE that has been copy-righted. According to this plan the rates are MUCH LOWER than in any other Company in the world.

Its ratio of Mortality is low. Its rates are very low. Its expenses are very low. Its dividends are large.

It insured more lives in the City of New York in 1868, than any other Company, one pt cts. It issued more Policies in the United States than any other save one. It insured more lives in Canada than any other Company, British or American.

See what the HIGHEST INSURANCE AUTHORITY in this country says. In the June number of the *Insurance Times*, of New York, the following opinion was expressed:

"If there is any great benefit in mutual association, any great advantage to be derived from scientific organization and a chartered source, tending to mitigate the sufferings, lessen the privations, and add to the peace, security, and happiness of humanity, we are prepared to show that these blessings flow, in all their fullness and purity, from this excellent, powerful, and flourishing Company, the ÆTNA LIFE, of Hartford."

"No institution has brought more prompt, full, and grateful relief to the hearths of the bereaved and desolate, and none has been more uniformly distinguished for the enterprise, wisdom, and equitable liberality with which it has fulfilled the purposes of its formation."

"Its success has been almost unbounded and beyond all precedent. Eight years ago, in 1861, it issued only 289 policies, received an income of seventy-eight thousand dollars, and possessed net assets amounting up to something over two hundred and eighty-one thousand dollars; but last year, 1868, it granted 13 337 new policies, more than any other Company except the Mutual Life; received an income exceeding six million dollars and had amassed solid, securely and profitably invested nets assets amounting to over Ten Million Three Hundred and Fifty Thousand Dollars. And this wonderful ratio of growth has been sustained in 1869."
